AMES CAMO

New review team members

Our CAMO is pleased to announce the expansion of its airworthiness review team. D. Schmidt and R. Mühlhofer have passed a stringent assessment conducted by Austrocontrol. AMES CAMO is in a position to efficiently enhance short notice customer requirements with our expert team.

Flight Permit and NCC Update

AMES CAMO continues to support the leasing industries flight permit requirements in its usual professional and cost effective manner. Simplified EASA regulation EU 2017/363 dated 1st March 2017 exempts NCC regulation for typical one-off flights and places the responsibilities for such flights with the national competent authority.
