

Welcome to the 35th edition of 'AMES High', which aims to keep you, our customers and suppliers informed about major changes and developments at AMES in the Design, Production and CAMO fields.

AMES CAMO celebrates 10 years

This year AMES CAMO is celebrating its 10th anniversary! With over 1000 transitions performed by our highly qualified staff in the past 10 years, the team has proven its skills to our leasing and airline customers. Our CAMO holds approvals for 56 different aircraft types for airworthiness reviews, including permit to fly. The AMES group is proud of our CAMO team and their achievements since 2008!

Icelandair B737 MAX

AMES designed, certified and delivered the first PSU-mounted Class Divider for the Saga Class onboard Icelandair's brand new B737 MAX fleet.

The divider integrates perfectly into the modern Boeing Sky Interior and provides a discrete separation between the booking classes. Besides the PSU divider, AMES is currently also developing other interior products for the B737 MAX that will be launched soon. For details please contact our sales team!

AIX Americas

AMES will be attending the AIX Americas in Boston between 25-27th of September. We're looking forward to seeing our customers and having many interesting meetings! If you are looking for an appointment, please contact us via services@ames.co.at.

New European General Data Protection Regulation

We strive for the highest stage of security in every aspect just like you. That's why we support the idea of the new European GDPR. The security of your personal data is a serious matter for us and the new European General Data Protection Regulation is designed to help keeping your data protected. In this instance we would like to remind you, that you can certainly unsubscribe at the bottom of our newsletter-mail at any time. But we would love to be able to keep you up to date about important information concerning AMES and our products and services. Yes, we hate spam too!

For more information please contact us via e-mail on services@ames.co.at, or see our website on www.ames.aero
