

Welcome to the 62nd edition of 'AMES High', which aims to keep you, our customers and suppliers informed about major changes and developments at AMES in the Design, Production and CAMO fields.

First Installation - A320neo Airspace Cabin PSU mounted Class Divider

Our team successfully completed the first installation of a newly developed and fully customized PSU-mounted class divider, including a center aisle header. This product is developed for the A320neo aircraft with an advanced Airspace cabin and reflects our commitment to delivering tailored solutions that meet the highest standards of design, functionality, and innovation for our aviation partners.

Annual Ireland Customer Roadshow

In October we again had the privilege of connecting with amazing people in the industry during our annual customer road show in Dublin. We enjoyed many interesting discussions on current market issues and regulatory updates. We also took the opportunity to share our latest developments and achievements in the fields of Part21J / G and CAMO.

Wishing you a very Merry Christmas and a successful 2025!

As we look back on the past year, we are delighted to reflect on the positive developments for the AMES Group and the entire aviation and travel industry worldwide. We would like to extend a grateful thank you for your continued trust and partnership.

Looking ahead, we are thrilled to share two significant milestones in the upcoming new year: our 20th

anniversary and the opening of our expanded production facility in Austria. This enhanced capacity, combined with our stronger-than-ever team, positions us to better serve your needs and exceed expectations. Supporting you with the required flexibility and high-quality services, continues to be our core values at the **AMES Group**, enabling us to stay a reliable partner for you in 2025 and beyond.

Christmas Holiday closing

Between 21st of December and 03rd of January our offices and production facility will be closed. The AMES team is again available for your projects as of **January 07th 2025**.
