

Newsletter No. 11, September 2012

Welcome,

to the 11th edition of 'AMES *High*', which aims to keep customers and suppliers informed about major changes and developments at AMES in the Design, Production and CAMO fields.

We are very proud to inform you that our new headquarter is in its final construction phase and soon to be finished.

After completion the new centrally located AMES facility combines a state-of-the-art production area, appealing office premises as well as a showroom to present our EASA Part 21G certified products. With this improvement in infrastructure that allows for our expected growth, we aim to assure our position as a global player in the field of specialised aircraft engineering, avionics, production services and are even better equipped to respond to your demands and schedules.

From 1st November onwards we are looking forward to supporting your projects under our new address and telephone number:
