

January 2017

Welcome to the 29th edition of 'AMES High', which aims to keep customers and suppliers informed about major changes and developments at AMES in the Design, Production and CAMO fields.

New Products for the New Year

AMES will further expand its product portfolio and we are working on a series of new products, including a new B737 BSI Movable Class Divider. Those products will be available and displayed at the next Aircraft Interior Exhibition in Hamburg, from 04 to 06 April 2017.

Zero-Pax LOPA in only a week

With our design capabilities we can supply a zero-pax lopa within only 5 working days including the required certification documents and EASA approval.

CAMO NEWS We are pleased to announce the signing of a CAMO support contract for Cayman Airway's first B737-800 aircraft. AMES CAMO supports the technical and operational aspects of continued airworthiness for this aircraft, providing Cayman Airway's with cost savings and an economic operation of its newest fleet addition.

AMES CAMO has issued its first permit to fly for an aircraft managed under its EASA approval. Utilizing an efficient procedure agreed to by Austrocontrol, the competent authority, enables a quick turnaround on permit issue for our customers.

Cooperation Agreement with AES GmbH signed

AES GmbH in Bremen, Germany a specialist for light systems and other electrical and electronic systems for aircraft and AMES have formally signed a cooperation agreement for joint activities. This cooperation which started with illuminated cabin signs developed by AMES in 2013 is now directed to future projects and will enable also the joint development of new enhanced products for various aircraft cabins.

Eventful opening of our new AMES production Facility

The Automotive Cluster Styria organized the Aviation Day on 24 November 2016. In this context AMES head office in Peggau opened formally the new extended production facility; almost one hundred guests enjoyed the AMES hospitality including a full company tour.

The main focus for the services we offer is to be the most flexible ONE STOP SHOP for our customers worldwide. For further details please contact us via e-mail on services@ames.co.at, or see our website on www.ames.aero
